## EDUCATION

### KIET Group of Institutions

2023–2027

*B.Tech in Computer Science and Engineering, Percentage: 78%*

### Jai Narayan Vidya Mandir

2022

*Senior Secondary (XII), Percentage: 80%*

## PROJECTS

### NutriSnap – AI-Powered Nutrition Analysis Platform

Live Demo

*FastAPI, Python, YOLOv8, MongoDB, React, Generative AI*

- Developed an end-to-end AI system for food detection and nutrition estimation.
- Integrated Computer Vision and LLM pipelines for personalized dietary recommendations.
- Built REST APIs using FastAPI and deployed scalable backend services.
- Designed MongoDB schema for user history and nutrition tracking.

### Urban Mitra – Civic Issue Reporting Platform

*React.js, Node.js, Express.js, MongoDB, Cloudinary*

- Developed a full-stack platform for reporting and tracking civic issues.
- Implemented role-based authentication and issue management workflows.
- Integrated Cloudinary for image uploads and MongoDB for data storage.
- Built REST APIs for issue reporting, status tracking, and administration.

### Internship Insights *Python, Streamlit, Web Scraping*

- Built automated pipeline to scrape, clean, and structure internship data.
- Implemented validation and created dashboard for trend analysis.

### OLA Data Analysis Dashboard *SQL, Power BI*

- Analyzed booking trends and revenue insights.
- Used **SQL** for transformation and insights.
- Identified peak demand and user behavior patterns.

## TECHNICAL SKILLS

- **Languages:** Python, JavaScript, SQL, HTML, CSS
- **Frontend:** React.js, Tailwind CSS
- **Backend:** FastAPI, Node.js, Express.js, REST APIs
- **AI/ML:** Machine Learning, Computer Vision, Generative AI, YOLOv8
- **Databases:** MySQL, MongoDB
- **Core CS:** Data Structures & Algorithms (500+ LeetCode), DBMS, Operating Systems, Computer Networks
- **Tools:** Git, GitHub, VS Code, Streamlit, Power BI, Cloudinary, Web Scraping

## CERTIFICATIONS

- AIML Virtual Internship – Infosys Springboard
- Database Application Development Training – Infosys Springboard
- Python Fundamentals – LinkedIn Learning

## LEADERSHIP

### Coordinator – ML Domain, Kinesis Technical Society

- Conducted ML workshops and mentored students.

## ACHIEVEMENTS

- Cleared TCS CodeVita Round 1.
- Participated in various hackathons and technical events.
